

MedjetAssist is North America's leading membership organization providing emergency medical evacuation protection worldwide. If a member is hospitalized more than 150 miles from home—virtually anywhere in the world—MedjetAssist will review his or her condition with attending medical staff and the member's own physicians, and provide medically equipped and staffed aircraft to fly them free of charge to the hospital of their *choice*. Once a member is granted inpatient status at the receiving hospital he or she chooses, MedjetAssist will transport them there. MedjetAssist provides this global evacuation benefit regardless of how good the medical facility may be where they are, allowing the member to make the decision where to go for continued medical care.

MedjetAssist is a pre-paid annual membership with no monetary limit to the global evacuation benefit. Membership covers all transport costs from hospital bedside to hospital bedside. In addition, MedjetAssist provides members with access to medical professionals for consultations, medical and legal referrals, referrals for travel medicine consultations, information regarding passport and visa services, transport of mortal remains, transports from home hospitals to specialty hospitals as well as other member services. Without MedjetAssist protection, domestic air medical evacuations can average \$10,000 to \$20,000, while international transports can exceed \$75,000. There are no health questions for enrollment up to age 75 and virtually no pre-existing condition exclusions—and since it is not insurance there are no deductibles, co-payments, or claim forms. Separate programs are available for those over the age of 75. Family memberships (starting at \$350 per year) include a primary member, his or her spouse/partner, and up to five unmarried dependent children up to the age of 19 (or 23 if a full-time student). Individual annual memberships are only \$225.

Few credit card coverage and healthcare insurance plans offer this level of protection, as travel expert Peter Greenberg recently noted on NBC's Today Show. Mr. Greenberg called MedjetAssist's medical evacuation protection "essential for anyone who travels."

MedjetAssist was recently named the exclusive provider of worldwide air-ambulance and medical-repatriation services for AARP.

TRAVEL WITH CONFIDENCE. TRAVEL WITH MEDJETASSIST.

## What the Experts Say...

### **Peter Greenberg**

*Author, Travel Detective*

"...MedjetAssist does the best job for one very important reason. The fine-print disclaimers that you'll find in other policies are virtually eliminated...I strongly advise you to consider this."

### **Randy Petersen**

*Publisher, Inside Flyer Magazine*

"...No travel insurance plan or platinum credit card benefit provides the level of service that you get with MedjetAssist."

### **Andrew Harper**

*Editor & Publisher, Hideaway Report – A Connoisseur's Guide to Unspoiled Places*

"...Activating your MedjetAssist membership could well be the most important travel decision you ever make."

### **Joe Brancatelli**

*Travel Columnist, Biztravel.com*

"...MedjetAssist guarantees medical evacuation on demand from virtually any U.S. or international destination at your request. No other service is as comprehensive and flexible. I happily fork over \$350 a year for family coverage."
